

Supplements for Nutrition and Everyday Health

Pharmaforte

Power of nature

Company profile

Pharmaforte Inc. is a family-owned enterprise established in 2002 in Budapest, Hungary by two internationally acknowledged scientists, **Dr George Ósabay** and **Dr. Klára Ósabay**, experts in chemical and medicinal research. Integrating their international experiences and expertise from universities and pharmaceutical companies in California, New York, Belgium and Budapest, they are concerned with innovational development of dietary supplements and functional food products serving health protection as complementary therapies, as well as, contributing to the prevention of diseases.

As an ongoing scientific effort, Pharmaforte performs clinical and laboratory studies. Clinical testing of Ferulant, a therapeutical product aiding male infertility resulted in encouraging results at Stanford University (US) and in Hungary, as well. Based on the latest scientific research Pharmaforte develops new supplements and multivitamins for fertility, pregnancy, respiratory, digestive, and arterial health.

Products

The Pharmaforte family of products includes almost a dozen excellent quality dietary supplements and therapeutical products. These products containing natural ingredients, vitamins and minerals were developed based on strict scientific research with the purpose to serve a healthy life style, conserve health, and protect against environmental damaging factors without side effects.

The products are manufactured from analytically controlled, excellent high quality natural ingredients, vitamins, and minerals at Bioextra Ltd., Hungarian factory with GMP, ISO and HACCP licenses. The products from each manufacturing process are furnished with Specification Documents.

**10 mg LUTEIN
PER CAPSULE**

LUTEIN-PLUS

Support for eye health

30 capsules/box

Dietary Supplement containing

Swedish bilberry fruit extract,
lutein, zeaxanthin,
copper, selenium and zinc

Lutein-Plus intends to provide your daily intake of lutein. It is combined with antioxidants and trace elements in one capsule **for maintaining daily eye health**. Bilberry extract (*Vaccinium myrtillus*), component supports the high absorption of lutein and is beneficial for capillary vessels of the eye. Lutein and zeaxanthin are **natural antioxidant constituents of the retina and lens** for absorbing blue light and scavenging reactive oxygen species, and **protecting eyes against harmful light** exposure. They contribute to the integrity and health of the retina which is most essential for optimal visual performance.

It is recommended for individuals

- exposed to oxidative eye-damaging effects of strong UV-light,
- working long with a computer,
- Exposed to harmful environmental effects causing premature aging of the eye,
- having age-related eye diseases.

Recommended daily dose: 1 capsule

60 capsules/box

BILUTIN-OMEGA

Support for eye health

Dietary Supplement containing

bilberry fruit extract (*Vaccinium myrtillus*),
zeaxanthin, lutein, beta-carotene,
zinc and copper, selenium,
Vitamins E and C, EPA and DHA omega-3
fatty acids

BILUTIN-OMEGA contains a **high quantity of bilberry extract** with unique antioxidant anthocyanins that **support the capillaries of the eye**, and **contribute to stabilizing healthy collagen levels**. The essential daily nutrients **lutein, zeaxanthin, vitamins C and E**, and trace elements including **copper, selenium** and **zinc** are special in the **maintenance of the retina and lens**, by absorbing blue light and scavenging reactive oxygen species, **helping protect the eye against harmful effects** of every day light exposure, and providing the daily essential nutrients for healthy eye functions. They also contribute to the integrity and health of the retina which is the basis of optimal visual performance.

Omega-3 has been shown important not only for infant eye development but to protect adult eyes from macular degeneration and dry eye syndrome.

Recommended for individuals

- exposed to oxidative eye-damaging effects: strong light or computer work;
- in risk of age-related macula degeneration;
- Wanting to slow down aging of the eye.

Recommended daily dose: 2 capsules

**LEADING
PRODUCT
FOR
EYE HEALTH!**

BILUTIN-OMEGA

CRAN-C

60 capsules/box

Support of urinary tract health

**STANDARDIZED
HIGH QUANTITY
OF ACTIVE
INGREDIENT!**

**Dietary Supplement with
cranberry extract (*Vaccinium macrocar-*
pon) and Vitamin C**

Cranberry extract has been shown to **disable harmful bacteria** by an anti-adhesion mechanism. Natural compounds in cranberries, proanthocyanidins, have a **protective action in the body against the damaging effects of free radicals**. Cranberry extract, with all of the great components of this fruit along with Vitamin C, a **strong antioxidant and immune system supporter**, is a wholesome choice for sustaining a healthy urinary system.

Cranberry capsules make an excellent 0 calorie alternative to high sugar cranberry juice concentrates and are recommended along with abundant fluid intake.

It is recommended for:

- ◆ In cold days or when the immune system needs a boost,
- ◆ At travels and when swimming in cool waters.

Recommended daily dose: For adults 1-3 capsules daily with at least 2L of liquid for the best result. For 1-3 year old children mix the content of 1-2 capsules per day into baby food.

CRAN-C

Pharmaforte

GASTRO-BON

Support for digestive health

Dietary supplement containing

DGL (Deglycyrrhizinated Licorice extract), Pre- and Probiotics in a naturally sweetened chewable tablet with xylitol

GASTRO-BON is a combination of DGL with pre- and probiotics, **Lactobacillus** and **Bifidobacterium** strains for best results. It provides a **complete support for the gastrointestinal tract** by protecting the esophagus and the stomach from irritating effects of stress, infections, chemicals, medications, and alcohol damage.

Recommended to support

- ◆ Digestive health when discomfort, bloating, lower abdominal pain and diarrhea occurs
 - ◆ **Esophagus when acidity hurts or reflux occurs,**
 - ◆ Balance of intestinal microflora as a consequence of antibiotic treatment,
 - ◆ Digestion in case of **lactose intolerance.**
-
- ◆ **DGL** protects the digestive tract by increasing mucus secretion and regulating the growth of the potentially harmful bacteria, *Helicobacter pylori*
 - ◆ **Probiotics** enhance the levels of beneficial microflora and strengthen the immunsystem
 - ◆ **Xylitol** has a strong oral hygienic effect and is **safe for diabetics and hyperglycemia prone persons**

**GASTROINTESTINAL
BENEFITS!**

GASTRO-BON

Recommended: 1 chewable tablet without any liquid 20 minutes before meals for best results.

ALLIX-FORTE

Support of respiratory health

**HIGHLY
ACTIVE FOR
CLEAR
BREATHING!**

Horseradish (*Armoracia rusticana*), **Garlic** (*Allium sativum*), **Ginger** (*Zingiber officinale*), **Fenugreek**, **Citrus** and **Green Tea** (*Camellia sinensis*) extract, **Parsley** (*Petroselinum*), with **Histidine**, **Zinc**, and **Vitamins C and D**

60 capsules/box

The natural plant extract combination of ALLIX contributes to maintaining the strong functioning of our whole body and immune system, especially the upper respiratory tract. The beneficial effects of this complex dietary supplement are attributed to the natural saponins in fenugreek, alliin in garlic extract, sulphur components in horseradish extract, and gingerol of ginger extract.

Recommendations:

- ◆ To **strengthen the immune system** throughout the year
- ◆ To **keep the respiratory tract clear** and congestion-free in the winter during flu season, as well as in the summer, when **hay fever and pollen allergies** are prevalent.
- ◆ Antioxidant effect **inhibits harmful oxidative processes** and supports general health

Recommended daily dose: 2 capsules daily.

In case of respiratory complaints, 1-2 capsules 2-5 times daily as needed

ALLIX

Pharmaforte

ANTIOXANT

Natural broad spectrum antioxidant protection

Pomegranate (*Punica granatum*), **cranberry** (*Vaccinium macrocarpon*), **grape peel and seed, citrus, and green tea with Selenium and Vitamin C**

60 capsules/box

ANTIOXANT contains the extract of 5 specially chosen exotic fruits and plants rich in antioxidants, along with **vitamins** and **trace elements** contributing to the healthy functioning of the body and that of the immune system. The **variety of antioxidants** in natural extracts **have an additive effect, complementing effectiveness of the components.**

Recommendations:

- ◆ For every day protection against cell damaging oxidative processes provoked by **free radicals** due to environmental hazards:
 - UV radiation,**
 - air pollution,**
 - smoking ,**
 - stressful lifestyle,**
 - unhealthy diet .**
- ◆ For **physical and mental health and endurance**
- ◆ Supporting the sensitive cells of the reproductive organs
- ◆ **In case of fatigue and decreased energy** due to an unhealthy life style and diet.

**5 fruits
richest in
antioxidants!**

ANTIOXANT

Recommended daily dose: 1 ANTIOXANT capsule per day for adults

**MEDICALLY
PROVEN
INGREDIENTS
FOR THE
HEART!**

60 capsules/box

GRALMA

Antioxidant protection of heart and arteries, controlling healthy cell growth and proliferation

Pomegranate (*Punica granatum*) and grape seed (*Vitis vinifera*) extract with lecithin, resveratrol, folic acid and vitamin C

The main ingredient in GRALMA is the extract of the unique pomegranate fruit which contains specific antioxidants (ellagic acid and punicalagin). Punicalagins are the major elements behind the pomegranate's antioxidant capability and has been recently researched widely for its beneficial characteristics. The pomegranate fruit extract is complemented with important nutrients contributing to **maintaining a healthy cardiovascular system, including cholesterol level, HDL/LDL ratio, and blood pressure**. Pomegranate is an excellent source of natural antioxidants which help protect cells against the harmful effects of free radicals, and thereby help control their healthy proliferation.

Recommendations:

- ◆ For everyone's nutritional needs of a well functioning cardiovascular system
- ◆ In times of intense physical or mental activity
- ◆ To support and promote healthy cell proliferation

Recommended daily dose: 1-2 capsules for adults

BILACE

Support of blood vessels and capillaries

Bilberry fruit extract (*Vaccinium myrtillus*) with Vitamins C and E and Beta-carotene

45 capsules/box

The exceptional anthocyanins of the unique bilberry fruit **promote the health and elasticity of capillaries and veins**, organs that are fundamental for the transport of oxygen and nutrients throughout the body. The ingredients of BILACE are essential nutrients for optimal vitality and energy we need every day. This dietary supplement helps blood vessels resist the damages caused by free radicals, support their regeneration and maintain their flexibility. The healthy functioning of the brain and eyes, where capillaries are most abundant, can significantly benefit from the valuable effects of BILACE. Vitamins C, and E and beta-carotene are essential nutrients that complement the advantageous antioxidant effects of the bilberry fruit.

Recommendations:

- ◆ During increased physical and mental workload
- ◆ Fatigue of the eyes
- ◆ Recovery from illness or surgery, to help capillaries and veins regenerate
- ◆ Increased environmental and lifestyle stress

Recommended daily dose: 2 capsules per day for adults

**ENHANCING
MICROCIRCULATION!**

BILACE

Daily dose: 3*1 capsule for 3-6 month or until fertilization.

**HEALTHY
PREGNANCY -
HEALTHY BABY**

OVANT-BABY OVANT-BABY-2

Prenatal formula with 26 ingredients

The OVANT-Baby Pregnancy Complex contains 14 essential vitamins/pro-vitamins, folic acid, trace elements, minerals, and omega-3 fatty-acid providing all the supplements that are recommended for a healthy mother and a healthy and well developed baby. Deficiency of these micronutrients may increase the risk of irregularities during and after pregnancy according to modern scientific research and meta-analyses of millions of published maternity clinic data.

60 capsules/box

OVANT-Baby provides the key nutrients needed to support both baby and mother during pregnancy and breast-feeding.

The ingredients, B- vitamins, B11 / folic acid = 800µg , B12 , B2 and B6 have a key role in preventing fetal developmental disorders . Vitamin A and beta- carotene ensures retinol - needs to avoid mental and physical birth defects.
(Combination of beta-carotene and lower dose of vitamin A ensures safety to avoid overdose)

D3 vitamin content - 1000 IU - is higher than usual amount in previous pregnancy vitamins, as now recommended by leading doctors. Vitamin D and omega-3 fatty acids are crucial for fetal bone, brain, and immune system development.

Recommended

daily during all pregnancy and lactation to support the baby's as well as the mother's health.

Ovant-Baby-2 has no iodine ingredient, offered for women having thyroid problems.

Daily dose: 2 x 1 capsule. Take one capsule in the morning with breakfast, and one capsule in the evening with dinner rather than taking all daily dose at once to avoid feeling sick. The use of this supplement post-pregnancy, for at least three months or during breastfeeding will also act as a vital multi-nutrient source.

OVANT-BABA

Pharmaforte

60 capsules/box

MAXIMUS

Multivitamin for Men

**MEN'S
VITALITY
AND
PERFORMANCE**

Supplement having vital nutrients, ginseng, ginkgo, and vitamins for men

Ingredients:

Proprietary blend of L-arginine, ginseng, and ginkgo,

antioxidants, vitamins A, C, E, and vitamin B complex, Pantothenic acid, Zinc, and Selenium

How it works

- L-Arginine provides the building block for Nitric Oxide which increases circulation and leads to erections.
- Ginseng boosts conversion of L-Arginine into Nitric Oxide.
- Ginkgo promotes microvascular circulation.

Maximus was developed based on the observation that certain botanical extracts may facilitate the conversion of the naturally occurring amino acid, L-arginine, into Nitric Oxide. Nitric Oxide is the key (regulatory molecule) for circulation, erection, and arousal. 13 essential vitamins and minerals promote general sexual and reproductive wellness. The net effect is an increase in efficiency of the Nitric Oxide pathway and an increase in Nitric Oxide production.

In addition, Maximus provides the benefits of a daily multivitamin boosting good health and a healthy immune system.

Daily dose: 3*1 capsule

MAXIMUS

**WEIGHT CONTROL
NATURALLY**

GARCINIA-GOLD

**LASTING
SUCCESS**

Lose weight—suffer nothing!

Ingredients:

Garcinia Cambogia (natural source of Hydroxycitric Acid = HCA), Green Tea, Chromium, L-Carnitine

Garcinia-Gold is a **popular fat burner** based on the garcinia cambogia fruit, or 'weight loss fruit'. This natural food supplement helps you conveniently lose weight.

Clinically effective daily dose of each active ingredient helps

- ◆ To control appetite and to increase feeling of fullness;
- ◆ To promote fat loss without feeling tired;
- ◆ to achieve a healthy and attractive body shape;
- ◆ To feel energized;
- ◆ To achieve lasting success.

Recommended daily dose: 3 * 1 capsule before main meals.
